Editorial Review

About the Author
Terence M. Shumaker is Faculty Emeritus, the former Chairperson of the Drafting Technology Department, and former Director of the Autodesk Premier Training Center at Clackamas Community College in Oregon City, Oregon. Terence taught at the community college level for over 28 years He has professional experience in surveying, civil drafting, industrial piping, and technical illustration. He is the author of Goodheart-Willcox's Process Pipe Drafting and coauthor of the AutoCAD and Its Applications series and AutoCAD Essentials. David A. Madsen is the president of Madsen Designs Inc. (www.madsendesigns.com) and an Authorized Autodesk Author. David is Faculty Emeritus of Drafting Technology and the Autodesk Premier Training Center at Clackamas Community College in Oregon City, Oregon. David was an instructor and department Chairperson at Clackamas Community College for nearly 30 years. In addition to community college experience, David was a Drafting Technology instructor at Centennial High School in Gresham, Oregon. David is a former member of the American Design Drafting Association (ADDA) Board of Directors, and was honored by the ADDA with Director Emeritus status at the annual conference in 2005. David has extensive experience in mechanical drafting, architectural design and drafting, and building construction. David holds a Master of Education degree in Vocational Administration and a Bachelor of Science degree in Industrial Education. David is the author of Geometric Dimensioning and Tolerancing and coauthor of Architectural AutoCAD, Architectural Desktop and its Applications, Architectural Drafting Using AutoCAD, AutoCAD and Its Applications: Basics, Advanced, and Comprehensive, AutoCAD Essentials, and other textbooks in the areas of architectural drafting, mechanical drafting, engineering drafting, civil drafting, architectural print reading, and mechanical printing reading. David P. Madsen is the president of Engineering Drafting and Design, Inc., the vice president of Madsen Designs Inc. (www.madsendesigns.com), an Authorized Autodesk Author, and a SolidWorks Research Associate. Dave provides drafting and design consultation and training for all disciplines. Dave has been a professional design drafter since 1996, and has extensive experience in a variety of drafting, design, and engineering disciplines. Dave has provided drafting and computer-aided design and drafting instruction to secondary and postsecondary learners since 1999, and has considerable curriculum, program coordination, and development experience. Dave holds a Master of Science degree in Educational Policy, Foundations, and Administrative Studies with a specialization in Postsecondary, Adult, and Continuing Education; a Bachelor of Science degree in Technology Education; and an Associate of Science degree in General Studies and Drafting Technology. Dave is the author of Inventor and its Applications, and coauthor of Architectural Drafting Using AutoCAD, AutoCAD and Its Applications:Basics and Comprehensive, Geometric Dimensioning and Tolerancing, and other textbooks in the areas of architectural drafting, mechanical drafting, engineering drafting, civil drafting, architectural print reading, and mechanical printing reading. Jeffrey A. Laurich has been an instructor in Mechanical Design Technology at Fox Valley Technical College in Appleton, WI, since 1991. He has also taught business and industry professionals in the Autodesk Premier Training Center at FVTC. Jeff teaches drafting, AutoCAD, Design of Tooling, GDandT, and 3ds Max. He created a certificate program at FVTC entitled Computer Rendering and Animation that integrates the 3D capabilities of AutoCAD and 3ds Max. Jeff has professional experience in furniture design, surveying, and cartography and holds a degree in Natural Resources Technology. In his consulting business, Jeff uses 3ds Max to create renderings and animations for manufacturers and architects. J.C. Malitzke is the former department chair of Computer Integrated Technologies at Moraine Valley Community College in Palos Hills, IL. J.C. was a professor of Mechanical Design and Drafting/CAD and taught for the Authorized Autodesk Training Center at Moraine Valley. J.C. has been teaching for over 30 years and actively using and teaching Autodesk products for nearly 25 years. He is a founding member and past chair of the Autodesk Training Center

Executive Committee and the Autodesk Advisory Board. J.C. has been the coauthor and principal investigator on two National Science Foundation grants. He has won numerous awards, including: Educator of the Year by the Illinois Drafting Educators Association; the Instructor Quality Award by Autodesk; Autodesk University Instructor Award; Professor of the Year, Co-Innovator of the Year, and Co-Master Teacher awards at Moraine Valley Community College; and the Illinois Outstanding Faculty Member of the Year awarded by the Illinois Community College Trustees Association. J.C. was also one of the recipients of the Top 10 Most Popular Autodesk University Classes Ever for his class Compelling 3D Features in AutoCAD.J.C. holds a Bachelor's degree in Education and a Master's degree in Industrial Technology from Illinois State University. Craig P. Black is an instructor in the Mechanical Design Technology department and the former manager of the Autodesk Premier Training Center at Fox Valley Technical College in Appleton, WI. He has been teaching at Fox Valley Technical College since 1990. In 2009, Craig created the CAD Management certificate program at FVTC. Craig has served two terms on the Autodesk Training Center Executive Committee (now known as the Autodesk Advisory Board) and chaired the committee in 2001. He has been working with Autodesk software products for more than 25 years. He has presented on various topics at a number of Autodesk University annual training sessions and has been contracted to teach training sessions on Autodesk products across the United States. In addition to teaching, Craig also does AutoCAD customization and AutoLISP and DCL programming for area businesses and industries. Prior to his current position, Craig worked in the civil, architectural, electrical, and mechanical drafting and design disciplines.

Users Review

From reader reviews:

Matthew Wallace:

What do you in relation to book? It is not important along with you? Or just adding material when you need something to explain what the one you have problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have extra time? What did you do? Every individual has many questions above. They must answer that question since just their can do which. It said that about publication. Book is familiar on every person. Yes, it is suitable. Because start from on jardín de infancia until university need this kind of AutoCAD and Its Applications Comprehensive 2015 to read.

Eugene Ruano:

Precisely why? Because this AutoCAD and Its Applications Comprehensive 2015 is an unordinary book that the inside of the book waiting for you to snap this but latter it will shock you with the secret that inside. Reading this book alongside it was fantastic author who write the book in such incredible way makes the content inside of easier to understand, entertaining way but still convey the meaning fully. So , it is good for you because of not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of positive aspects than the other book have got such as help improving your expertise and your critical thinking means. So , still want to hold up having that book? If I ended up you I will go to the e-book store hurriedly.

Erika Yoon:

Your reading sixth sense will not betray you actually, why because this AutoCAD and Its Applications Comprehensive 2015 guide written by well-known writer we are excited for well how to make book that can be understand by anyone who have read the book. Written inside good manner for you, still dripping wet every ideas and publishing skill only for eliminate your personal hunger then you still uncertainty AutoCAD and Its Applications Comprehensive 2015 as good book not just by the cover but also from the content. This is one book that can break don't judge book by its deal with, so do you still needing another sixth sense to pick this kind of!? Oh come on your studying sixth sense already alerted you so why you have to listening to one more sixth sense.

John Wiser:

That e-book can make you to feel relax. This particular book AutoCAD and Its Applications Comprehensive 2015 was colorful and of course has pictures around. As we know that book AutoCAD and Its Applications Comprehensive 2015 has many kinds or genre. Start from kids until teenagers. For example Naruto or Investigation company Conan you can read and think that you are the character on there. Therefore not at all of book usually are make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book for yourself and try to like reading which.
