The Collins Big Book of Art: From Cave Art to Pop Art By David G. Wilkins

The one book your family needs to understand the world of art. A beautiful, unusual and engaging compendium of art history, providing an accessible entree into the world of art for everyone, regardless of their experience.

From cave paintings to the Renaissance, Impressionism to Pop Art, The Collins Big Book of Art takes you on a journey through the history of art in a delightful and informative way. With more than 1200 works of art represented, this is both a coffee-table book and an educational experience; cross-referenced throughout, and including the following sections and features:

A Chronology spans the history of art, step by step, from 38,000 BC to the present. Pieces from around the world are juxtaposed to place them in historical context. Each is labelled with date, country, title, artist, materials, size and current location. In addition, each piece of art is tied to its movement and key themes, which are pursued in greater detail in the other sections of the book.

Turning Points, interspersed throughout the chronology, delve into both the major artistic movements and highlight the technical breakthroughs which changed how artists of the time worked, and affected how they saw the world. For example, the glass lens allowed more lifelike portraiture in the early Renaissance, the ability to put paint into tubes gave the Impressionists the freedom to work outdoors, and Freud's work in psychoanalysis had a major impact on Surrealism.

The second part of the book explores enduring Themes of art, taking a subject and showing how artists through the ages have depicted it. Various approaches to portraits and landscapes, allegory and religion, still life and abstraction are compared and contrasted, using carefully selected images to illuminate each point made.

In addition, an extensive Reference section allows the reader to access information in numerous ways; the multiple indices include a glossary of terms, artists registry, index of museums, and more.

With easy navigation and an engaging presentation of the material, The Collins Big Book of Art will inform, inspire, and entertain art enthusiasts at any level of understanding and appreciation.

Users Review

From reader reviews:

Jaleesa Greenwood:

The reason? Because this The Collins Big Book of Art: From Cave Art to Pop Art is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will shock you with the secret this inside. Reading this book adjacent to it was fantastic author who else write the book in such remarkable way makes the content inside easier to understand, entertaining means but still convey the meaning totally. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This book will give you a lot of positive aspects than the other book include such as help improving your ability and your critical thinking way. So , still want to delay having that book? If I have been you I will go to the book store hurriedly.

Doris Stanford:

Does one one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Try and pick one book that you just dont know the inside because don't determine book by its include may doesn't work is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside appear likes. Maybe you answer can be The Collins Big Book of Art: From Cave Art to Pop Art why because the fantastic cover that make you consider with regards to the content will not disappoint an individual. The inside or content will be fantastic as the outside or even cover. Your reading sixth sense will directly direct you to pick up this book.

Charles Kinsella:

Are you kind of hectic person, only have 10 or even 15 minute in your time to upgrading your mind proficiency or thinking skill even analytical thinking? Then you have problem with the book than can satisfy your short space of time to read it because all this time you only find book that need more time to be read. The Collins Big Book of Art: From Cave Art to Pop Art can be your answer as it can be read by a person who have those short extra time problems.

Griselda Gonzalez:

Do you like reading a reserve? Confuse to looking for your best book? Or your book had been rare? Why so many concern for the book? But any people feel that they enjoy regarding reading. Some people likes reading through, not only science book but in addition novel and The Collins Big Book of Art: From Cave Art to Pop Art as well as others sources were given knowledge for you. After you know how the good a book, you feel desire to read more and more. Science publication was created for teacher as well as students especially. Those textbooks are helping them to increase their knowledge. In various other case, beside science book, any other book likes The Collins Big Book of Art: From Cave Art to Pop Art to make your spare time far more colorful. Many types of book like here.
