The Montauk Files: Unearthing the Phoenix Conspiracy By K.B. Wells

Beginning with the infamous 1943 Philadelphia Experiment in radar invisibility, the path leads to modern-day scraps of evidence left at a desolate Air Force Station at the eastern tip of Long Island --- scraps of mind-control experiments and other questionable activities that were undertaken even after the base had officially ceased to function. Connections emerge that weave an incredible tapestry ending with the author's personal involvement in a way which could never have been imagined.

"It ceased to become an objective matter and instead became a subjective, and quite personal journey into my inner fears and growth. The mythical beast of Phoenix raised its head during my journey, pushing just hard enough to let me know it's alive and well. More to the point, alive and well-cared for.

Synchronicity, the unusual connection of oneself to outside events through coincidence and happenstance, is very much a part of Phoenix. Do not be surprised if, by the process of digesting this book, your own vision of Phoenix rises to confront you in a manner that right now you cannot even begin to imagine."

Editorial Review

Review

Beautifully understated... Important... Significant. --Fate Magazine

Stunning! Wells has painted a picture of a place and time with the potential to rewrite history as we know it. Seasoned veterans and hard-core skeptics alike will be enriched by the legend that starts with Montauk. --J. Kirkpatrick, Former White House Correspondent

In building upon work of prior writers and introducing considerations of his own, Wells takes the reader on a journey which entails far more than an examination of the physical premises of Montauk. Disturbing in some sections, deeply personal in others. Thought-provoking throughout! --Dennis Dekens

Stunning! Wells has painted a picture of a place and time with the potential to rewrite history as we know it. Seasoned veterans and hard-core skeptics alike will be enriched by the legend that starts with Montauk. --J. Kirkpatrick, Former White House Correspondent

About the Author

K.B. Wells, Jr. is an author and researcher of conspiracy theories and hidden technology, as well an investigator of the alien agenda on Earth. Wells writes fiction and maintains a full time job in the computer industry. He has received extensive training as a clairvoyant, psychic and healer. Current projects include a new book on America's Quiet Wars and the construction of a Rife Beam Unit, a technology suppressed by the U.S. government in the 1930's, which uses light and radio frequency to promote health and healing. He is also the author of *The Moldavite Enigma*.

Users Review

From reader reviews:

Charles Killough:

In other case, little folks like to read book The Montauk Files: Unearthing the Phoenix Conspiracy. You can choose the best book if you appreciate reading a book.
