Andy Barber has been an assistant district attorney for two decades. He is respected. Admired in the courtroom. Happy at home with the loves of his life: his wife, Laurie, and their teenage son, Jacob.

Then Andy’s quiet suburb is stunned by a shocking crime: a young boy stabbed to death in a leafy park. And an even greater shock: The accused is Andy’s own son—shy, awkward, mysterious Jacob.

Andy believes in Jacob’s innocence. Any parent would. But the pressure mounts. Damning evidence. Doubt. A faltering marriage. The neighbors’ contempt. A murder trial that threatens to obliterate Andy’s family.

It is the ultimate test for any parent: How far would you go to protect your child? It is a test of devotion. A test of how well a parent can know a child. For Andy Barber, a man with an iron will and a dark secret, it is a test of guilt and innocence in the deepest sense.

How far would *you* go?

## Editorial Review

Amazon.com Review

**Amazon Best Books of the Month, February 2012:** A fast, compelling, and compulsively readable courtroom drama, *Defending Jacob* tells the story of a district attorney's son who is accused of killing a classmate. As the father attempts to prove his son's innocence, Landay explores uncomfortable territory: can a tendency toward violence be inherited? Is the capacity for murder a genetic disposition? The author, a former district attorney, gets the taut nuances just right, capturing the subtleties of a trial in a packed courtroom, where a small rustle or murmur can signify a lot. In the end Landay pulls off a clever plot device that doesn't reveal itself until the final pages. --*Neal Thompson*

## Featured Guest Review: Chevy Stevens on *Defending Jacob*

**Chevy Stevens grew up on a ranch on Vancouver Island and still calls the island home. She is the New York Times bestselling author of the novels *Still Missing* and *Never Knowing*.**

From the first few pages of *Defending Jacob*, I knew this book was special. More than an exciting courtroom drama that combines the best elements of a legal and psychological thriller, it also delves into the heart of a family, and will rip yours out in the process.

When a young boy is found brutally murdered in the woods in a peaceful New England town, his body hastily covered with leaves, the community is shaken to its core. No one more so than Andy Barber, a well-respected assistant district attorney whose fourteen-year-old son, Jacob, went to school with the boy. Sure, Jacob is a typical moody teenager, hiding in his room all day with his headphones and lap top, but Andy loves him more than anything in this world--and would do anything to protect him.

While Andy's wife, Laurie, struggles with the possibility that there's a killer on the loose and their own son could be next, Andy's determined to find the culprit and bring him to justice. He immerses himself in a maelstrom of angry parents demanding answers, police hell-bent on making an arrest, and the complicated lives of teenagers, with their own secrets, and reasons for keeping them.

When, in a stunning turn of events, Jacob is arrested for the crime, both Andy and Laurie are stalwart in their defense of their son: there's no way their child could've committed this terrible act. As more shocking facts are revealed and lies uncovered, Andy is pushed to the edge and his twenty-year marriage tested. Beautiful Laura, his college sweetheart and love of his life, begins to fade in front of his eyes, crumbling under the pressure of the trial, the public accusations, and the weight of her own doubts--in her son and her husband. When truths about Andy's past comes to surface, he must chose between the life he thought he'd left behind, and the father he wants to be.

*Defending Jacob* raises the question: how far would you go to protect your family? But it also leaves you wondering if anyone could answer that question, and whether we really know what we're capable of when push comes to shove.

Let's pray we never have to find out.

#### **Featured Guest Review: Phillip Margolin on *Defending Jacob***

**Phillip Margolin has been a Peace Corps Volunteer, a school teacher, and is the author of 15 *New York Times* bestsellers. He spent a quarter century as a criminal defense attorney during which he handled thirty homicide cases, including twelve death penalty cases, and argued at the United States Supreme Court. He is a co-founder of Chess for Success, a non-profit that uses chess to teach elementary school children study skills. His latest novel, *Capitol Murder* will be released in April, 2012.**

One perk of being a bestselling author is that you are sent advance reading copies (ARCs) of books by first time authors, or published authors whose editors believe have written a breakout novel. The ARC is sent by

the writer's editor in hopes that you will write a "blurb," which is a sentence or two praising the book that can be used in advertisements. The books I blurb range from fun reads to very good reads. Then there is the rare book that knocks my socks off. William Landay's *Defending Jacob* is one of these gems. It is a legal thriller, but so are *To Kill a Mocking Bird*, *Snow Falling on Cedars* and *Anatomy of a Murder*. *Defending Jacob*, like these classics, separates itself from the pack because it is also a searing work of literary fiction.

At the heart of Landay's exceptional novel is a parent's worst nightmare. Assistant district attorney Andy Barber, his wife, Laurie, and their teenage son, Jacob, are living an idyllic existence in a middle class Massachusetts suburb until one of Jacob's classmates is stabbed to death in the picturesque park where the locals jog, walk their dogs and picnic. It soon becomes clear that Jacob is the prime suspect and the Barbers have to confront the possibility that the child they have doted from birth may be a sociopathic killer.

Andy takes a forced leave of absence from his job and helps defend the son he loves from a charge he cannot believe is true. Is he engaging in self-deception? How far will he go to protect his family? Laurie wonders if something she did as a parent has created a monster and her guilt destroys her. And then there is Jacob. Is he a typical angst filled teenager or a psychopathic monster? Landay skillfully keeps the reader guessing about Jacob's culpability and true nature up to the shocking final chapters.

What makes *Defending Jacob* special is the way Landay gives the reader the twists, turns and surprises found in the best legal thrillers while making its centerpiece the tragedy faced by a normal family who are thrust into a nightmare.

**\*Starred Review\*** A 14-year-old boy is stabbed to death in the park near his middle school in an upper-class Boston suburb, and Assistant District Attorney Andy Barber takes the case, despite the fact that his son, Jacob, was a classmate of the victim. But when the bloody fingerprint on the victim's clothes turns out to be Jacob's, Barber is off the case and out of his office, devoting himself solely to defending his son. Even Barber's never-before-disclosed heritage as the son and grandson of violent men who killed becomes potential courtroom fodder, raising the question of a "murder gene." Within the structure of a grand jury hearing a year after the murder, Landay gradually increases apprehension. As if peeling the layers of an onion, he raises personal and painful ethical issues pertaining to a parent's responsibilities to a child, to a family, and to society at large. Landay's two previous novels (*Mission Flats*, 2003; *The Strangler*, 2007) were award winners, but he reaches a new level of excellence in this riveting, knock-your-socks-off legal thriller. With its masterfully crafted characterizations and dialogue, emotional depth, and frightening implications, the novel rivals the best of Scott Turow and John Grisham. Don't miss it. --Michele Leber

“Not since Scott Turow has a crime thriller—any thriller, though this too happens to be a literary legal thriller—shaken me by the throat like this. It’s a stunning, shocking, emotionally harrowing ride in which the reader is plunged into a riveting but terrible murder trial and the equally heartbreaking implosion of a loving family.”—*Daily Mail*
