### Dorland's Illustrated Medical Dictionary, 30th Edition By Dorland

For over 100 years, health care professionals have relied on Dorland's for its unmatched comprehensiveness, accuracy, clarity, and ease of use. Now, the 30th Edition of the world's finest medical dictionary features an all-new design with full-color, three-dimensional line art, color photography, and diagnostic and pathologic images. The New Edition features more than 125,000 terms, including over 3,000 new terms -- over 800 related to complementary and alternative medicine -- as well as improved and expanded appendices. An accompanying CD-ROM includes the Dorland's Spellchecker program.

A new, full-color design and art program makes reference even easier and more enjoyable, with...

- Over 500 new full-color line drawings
- Over 500 full-color photographs
- Head words now in color
- Color tables and appendices

Approximately 800 new terms from Complementary and Alternative Medicine mirror the increasing popularity of non-traditional treatments.

Appendices have been reorganized and expanded to feature additional material of interest to medical transcriptionists and other specialty groups.

## **Editorial Review**

### **Review**

Encompassing the whole of medicine today, this dictionary provides comprehensiveness, accuracy, clarity and ease to use.

'Anticancer Research'

### **From the Publisher**

The aim of the author of this work has been to produce, in a volume of convenient size, an up-to-date Medical Dictionary, sufficiently full for the various requirements of all.... The book does not claim to be an encyclopedia; it is a dictionary, a concise and convenient word-book, aiming to furnish full definitions of the terms of medicine and kindred branches.... The author has sought a middle course between the large, unwieldy lexicon and the abridged students' dictionary, avoiding the disadvantages of each.
