Editorial Review

Review

..."this book offers a rich synthesis of narrative theory, cultural studies, and symbolic interactionism, all in service of understanding the centrality of storytelling to identity and community.."

-Journal of the History of Sexuality

..."focused, wide-ranging, and well-researched.... One of the most intriguing and useful dimensions of Plummer's analysis is the attention to the raw personal, political, and communal resources that are used in these story constructions."

-"Contemporary Sociology
