Mobilizing Islam: Religion, Activism and Political Change in Egypt By
Carrie Rosefsky Wickham

The book explains how Islamist groups captured the hearts and minds of educated youth in Egypt. It focuses on the first twelve years of Hosni Mubarak's presidency, from 1981 to 1993, the period when participation in the movement reached its peak and before a wave of repression brought it to an abrupt end.

Editorial Review

Review

Intellectually ambitious.

(Middle East Journal)

Mobilizing Islam is easily one of the best books on Islamic activism. Wickham's use of social movement theory and remarkable fieldwork produced a book that speaks to area specialists and students of contentious politics alike. Amidst the onslaught of ill-informed books on Islam in the post-September 11 period, Wickham provides a refreshing reminder that there is rigorous scholarship on Islamic activism.

(Quintan Wiktorowicz Perspectives on Politics)

The book is one of the best texts available for studying a major Islamic political movement in its proper context.

(Kristin Tassin Arab Studies Journal)

This book has at least four great strengths... clarity... revives interest... effectively focused... content has enormous appeal.

(Mohamed El Sayed Said Journal of Islamic Studies)

Review

Never have people more needed a rational, comprehensive, detailed, and empathetic accounting of the Islamist phenomenon as now. Both general readers and area specialists alike, therefore, will be well informed by this brilliant accounting of political Islam's organization, operation, and motivation in modern Egypt as presented by one of America's leading scholars of the subject.

(John P. Entelis, director, Middle East Studies Program, Fordham University)

In the aftermath of 9/11, with the need to distinguish mainstream Islam and Islamic movements from terrorist movements in the Muslim world, Carrie Wickham's book takes on even greater significance. An insightful and sophisticated analysis of the roles of cultural identity, political economy, and mobilization in the development of a pioneering and trend-setting Islamic social movement, *Mobilizing Islam* will be welcomed by experts, policymakers, journalists and students of Muslim politics and comparative politics alike.

*(John L. Esposito, author of *Unholy War: Terror in the Name of Islam*)*

I cannot imagine a more important time for Carrie Wickham's book to appear. It tackles head-on the

extraordinary capability of Islamic groups to mobilize a broad public, even in the face of an antagonistic and punitive authoritarian secular government.... The lessons Wickham draws from Egypt are a window into the broader popularity of militant and moderate forms of Islam in authoritarian states in the Middle East, Asia, and Africa.

(Joel S. Migdal, Henry M. Jackson School of International Studies, University of Washington)

About the Author

Carrie Rosefsky Wickham is associate professor of political science at Emory University. Her current project examines new trends in Islamic political thought and practice throughout the Middle East.

Users Review

From reader reviews:

Serafina Hayes:
