### Review

"*The Mayan Factor* teaches us how to connect directly, sensuously, and electromagnetically with the Galactic Synchronization Beam, a time wave that is now triggering a new phase of galactic evolution. Since 1987, we have been exploring the galaxy with our minds, and *The Mayan Factor* is an essential guide." (Barbara Hand Clow, author of *The Pleiadian Agenda*)

"*The Mayan Factor* opened up a new audience for the understanding of cyclical time, as opposed to linear time. This is a perspective that we desperately need today. This book serves as a point of entry into a new cosmic consciousness." (Frank Waters)

"An academic shaman, Argüelles peers into the sacred calendar of the ancient Maya and finds it is a bio-mathematical blueprint for life itself. There is a deep mythos at work here...Students of higher consciousness will find in it a positive force at work on global enlightenment."

--*High Times*

"José Argüelles, the high priest of the New Age movement...is the man who was responsible for the gathering of hundreds of thousands of people in 1987 to celebrate the Harmonic convergence. "

--*National Examiner*

"Argüelles's book--brilliantly conceived, meticulously researched, and eloquently reported--is a watershed explication of the myth, science, and mathematical prophecy of the enigmatic Maya of Central America, the "Diviners of Harmony." Argüelles is a major visionary with his feet planted firmly on the ground and for this radical and pioneering interpretation of Mayan tradition, he deserves a wide readership."
