Pat Brans' compelling book shows you how to get more done faster than ever before. More importantly, you'll learn to do things of greater value. -- Brian Tracy History's greatest leaders understood the importance of time management. Master the Moment by Pat Brans is the best book I have ever read on the subject. Exhaustively researched, skillfully conveyed, and insightful in its applications, this book should be required reading for anyone who aspires to be an effective leader. -- Donald T. Phillips Pat Brans has grilled dozens of top achievers for their secrets. This book is a lively, entertaining, and inspiring compilation of their wisdom. Every reader will find some useful tips for a better, happier, more successful life. -- Dr. Roy F. Baumeister This book is strewn with pearls of practical wisdom on the art of time management gleaned from fifty chief executives. It is a great guide to becoming a better time manager, especially for those in more senior leadership positions. Lively, stimulating and fun. -- John Adair Master the Moment is the most complete book on time management I've seen. It explains underlying ideas, it provides useful techniques, and it even includes a well-founded and practical approach to changing habits. -- Brad Stock American Chamber of Commerce, Lyon, France Pat Brans gives us a tool for self discovery - to find what we do best and where we fall short with Father Time. Looking through the eyes of the world's highest achievers, this book will guide you to see yourself at the head of the boardroom (or of your family) and provide you tips on how to live a fuller life. -- Roby Chavez Fox Television Inc., Washington DC Pat Brans' style--anecdotal and practical--makes Master The Moment a true pleasure to read. Beyond entertaining and insightful, it is full of stories that are both useful and inspirational. The examples demonstrate that the people who accomplish remarkable things in business are not those with the most "natural talent", but rather those who are most willing to evolve and improve. Time management is a learned skill, and we can all learn from this book. -- John Sadowsky
