The Dark Volume By Gordon Dahlquist

Gordon Dahlquist transfixed readers across the world with his dazzling literary debut, the epic Victorian tale **The Glass Books of the Dream Eaters**. Now the internationally bestselling author continues an adventure like no other, featuring three heroes you will never forget.

Awakening from a fevered delirium, Celeste Temple finds herself in a fishing village on the remote Iron Coast. She has no idea where her companions, Cardinal Chang and Doctor Svenson, might be—or whether any of her enemies survived the dirigible crash that marked her last conscious moment. And while her body seems intact, she cannot say the same for her mind. For she must contend not only with the possibility that peril awaits her but with the memory of her traitorous fiance’s murder at sea...along with thousands of other memories that now live within her—courtesy of a bewitching glass book.

Hunted by murderous opportunists and cruel mercenaries of every kind, Miss Temple, Chang, and the Doctor are soon propelled into a quest that will draw them one by one into a realm of reckless, lawless terror. At every turn lies another enigma—and the stench of indigo clay, the raw material used to enslave even the most steadfast soul. Now they alone stand in the path of a diabolical conspiracy involving the books—one that will mean an alarming new world where once-free-roaming minds are wiped completely clean... if they live long enough. As Miss Temple, Cardinal Chang and Dr. Svenson uncover the devilish schemes of their deadly enemies, the terrifying secrets contained in **The Dark Volume** will be revealed one by one. For the blue glass is more lethal than they’d ever imagined—and those who possess it, as well as those who pursue it, are playing with fire.

Pulsing with electrifying suspense, this uniquely thrilling feat of the imagination will grip readers in its dark thrall long after the final page is devoured.

From the Hardcover edition.

Editorial Review

From Publishers Weekly

Readers unfamiliar with bestseller Dahlquist's 2006 debut, *The Glass Books of the Dream Eaters*, which is set in an alternate world similar to Victorian Europe, may have trouble following this complicated sequel, despite the preparatory word on what has already happened at the start. In *The Glass Books*, West Indies plantation heiress Celeste Temple, naval surgeon Abelard Svenson and criminal Cardinal Chang joined forces to combat an evil cabal that smelted a mineral into a psychotropic blue glass that captures human memory. Temple, who survived the previous book's cinematic climax involving a gunfight in a sinking dirigible, finds herself suspected of a series of mysterious murders, while Svenson and Chang discover new enemies to thwart. Too much going on at the same time, including less than engaging confrontations with various over-the-top villains, undermines a clever concept that may yet be the basis for a solid adventure series. Dahlquist's sequel to *The Glass Books of the Dream Eaters* (2007) is dark indeed. The daunting "Preparatory Word" details what has gone before: who killed whom and what alchemical experiments have already taken place. If you haven't read the first book, good luck! That said, fans of Tobsha Learner's *Soul* (2008) and Jonathan Barnes' *Somnambulist* (2008) will enjoy this surreal Victorian journey into the nightmarish possibilities of mind swapping. Miss Temple awakens after a dirigible crash with fragmented memories of murder and precious cargo. Separated from her companions, she flees hostile villagers in the company of the not-quite-honest Eloise, launching a seemingly endless series of adventures involving exquisite pain, sexual revelations, and near-death experiences. Meanwhile, a powerful cabal seeking a lost glass book is subverted by its victims, among them a blue-glass whore and a wily contessa. The idea of glass "books," which absorb a person's essence through a nasty "process," is what makes this sometimes bewildering, overpopulated novel fascinating. It's a big-concept story full of potent psychological metaphors, and if those metaphors never quite gel, they still offer readers much to contemplate. --Jen Baker

Review

"The action ricochets ... Dahlquist combines disparate elements of Victorian adventure stories, steampunkish science fiction, murder mystery and even mad-scientist horror." —*Kirkus Reviews*

Users Review

From reader reviews:

Gilbert Johnson:

Book is definitely written, printed, or illustrated for everything. You can realize everything you want by a publication. Book has a different type. As we know that book is important matter to bring us around the world. Adjacent to that you can your reading skill was fluently. A book The Dark Volume will make you to become smarter. You can feel considerably more confidence if you can know about anything. But some of

you think this open or reading a new book make you bored. It is not make you fun. Why they could be thought like that? Have you trying to find best book or suited book with you?

Ronald Stauffer:

What do you ponder on book? It is just for students because they're still students or the item for all people in the world, the actual best subject for that? Just you can be answered for that concern above. Every person has several personality and hobby for each other. Don't to be compelled someone or something that they don't would like do that. You must know how great in addition to important the book *The Dark Volume*. All type of book is it possible to see on many sources. You can look for the internet solutions or other social media.

Kerry Giles:

The event that you get from *The Dark Volume* is a more deep you rooting the information that hide inside the words the more you get considering reading it. It does not mean that this book is hard to be aware of but *The Dark Volume* giving you enjoyment feeling of reading. The writer conveys their point in specific way that can be understood by anyone who read it because the author of this reserve is well-known enough. That book also makes your current vocabulary increase well. Therefore it is easy to understand then can go along with you, both in printed or e-book style are available. We highly recommend you for having this kind of *The Dark Volume* instantly.

Nancy Byrom:

Playing with family inside a park, coming to see the marine world or hanging out with buddies is thing that usually you could have done when you have spare time, and then why you don't try point that really opposite from that. Just one activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love *The Dark Volume*, you could enjoy both. It is very good combination right, you still desire to miss it? What kind of hangout type is it? Oh occur its mind hangout guys. What? Still don't buy it, oh come on its identified as reading friends.
