Denton Little's Deathdate By Lance Rubin

****WINNER of the ILA Young Adult Book Award!****

Get ready to die laughing: this is an outrageously funny ride through the last hours of a teenager's life as he searches for love, meaning, answers, and (just maybe) a way to live on.

Denton Little's Deathdate takes place in a world exactly like our own except that everyone knows the day on which they will die. For Denton, that's in just two days—the day of his senior prom.

Despite his early deathdate, Denton has always wanted to live a normal life, but his final days are filled with dramatic firsts. First hangover. First sex. First love triangle—as the first sex seems to have happened not with his adoring girlfriend, but with his best friend's hostile sister. (Though he's not totally sure—see, first hangover.) His anxiety builds when he discovers a strange purple rash making its way up his body. Is *this* what will kill him? And then a strange man shows up at his funeral, claiming to have known Denton's long-deceased mother, and warning him to beware of suspicious government characters. . . . Suddenly Denton's life is filled with mysterious questions and precious little time to find the answers.

Fall in love with Denton Little!

"Rubin is really funny but like John Green, he manages to be poignant at the same time. You'll laugh out loud while you read this, but you're probably going to tear up a bit too." --*Bustle*

"The dialogue is witty and raunchy, the plot is uniquely twisted, and the ending is to die for. This book will fly off the shelves."--*VOYA*

"Lance Rubin creates a world in which (almost) everyone can answer the question, 'What would you do if you knew when you were going to die?' and holy s*#! the answers are hilarious. I don't think I've laughed at death so much in a long, long time. Read this book, it'll have you dying." —Isabel Quintero, Morris Award-winning author of *Gabi, A Girl in Pieces*

"Hilarious, thought-provoking, irreverent, unforgettable. . . . Live your own death, Dent. We love you." --Catherine Gilbert Murdock, author of *Dairy Queen*

"The tweaked contemporary setting, irreverent end-of-life humor, and big, existential questions make this a good pick for fans of John Corey Whaley's *Noggin*." -- *Publishers Weekly*

Editorial Review

From School Library Journal

Gr 9 Up—In a not-so-distant future, every person knows from tests performed on hair and blood at birth what day he or she will die. As the book begins, Denton knows that tomorrow is his deathdate and he is as ready as a person can be in this rather weird situation. His family has planned the funeral and the "sitting," the wait for death to come. Denton attends the funeral, but as far as the sitting, he has other plans—time with his friends and girlfriends, some alcohol, smoking pot, sex—much better ways of spending his last day of Earth than just waiting. Then there is this strange purple rash with red dots that is spreading over his body, as well as the bodies of the people he has exchanged "spit" with—and the numerous near misses of his death when he's almost hit by a car (twice) and is nearly shot. Denton's deathdate gets stranger and stranger. This humorous story of mortality, friendship, family, and secrets is a strange, fun, and unusual read that keeps readers laughing, gasping, and quickly turning pages. Denton, a likable and well-rounded character, just can't keep from getting in trouble—his hookup with his best friend's sister has made his girlfriend mad, his girlfriend's ex keeps trying to kill him—as does the neighborhood drug dealer—and everything he does seems to cause a problem. The plot is quirky and highly original. Denton Little just can't win—but readers certainly do. While this seems to be a stand-alone novel, and a satisfying one at that, there is plenty of fodder for a sequel. Rubin's is a new voice on the YA literature scene and is well-worth reading.—Janet Hilbun, University of North Texas
