How To Become A Human Calculator?: With The Magic Of Vedic Maths

By Singhal, Aditi

How To Become A Human Calculator?: With The Magic Of Vedic Maths is a book that helps its readers effectively master mathematical calculations. How To Become A Human Calculator? With The Magic Of Vedic Maths provides a step-by-step approach to master concepts of mathematical calculation and problem solving. The book is aimed at everyone, including students, teachers, professionals, and aspirants of competitive exams like GRE, GMAT, MBA, and UPSC. In How To Become A Human Calculator? With The Magic Of Vedic Maths, Aditi Singhal, considered a mathematical genius herself, explains several concepts in simple, easy-to-understand terms. The book contains over 500 solved examples to demonstrate these concepts. The book first introduces two basic concepts of Vedic mathematics. This is followed by other topics like magic with the number eleven, interesting squares, cube roots at a glance, magic division, and a calendar for 500 years. The book also discusses the ways in which Vedic mathematics can be applied successfully in competitive exams. Tabular presentation and color codes are used to highlight important points in the book. Every technique is followed by general guidelines to implement the same. Plenty of exercises accompany every topic, letting the reader practise problem solving and thereby master the concept. Several test papers and corresponding answers have been provided at the end of the book.
