The Taste of Wine: The Art and Science of Wine Appreciation, 2nd Edition By Emile Peynaud

Emile Peynaud's *Le Gout du Vin* has long been considered the definitive book on winetasting by professional tasters. Now, this new English language second edition makes his timeless classic truly accessible to a new generation of American readers.

The Taste of Wine is Peynaud's complete examination of the science and practice of winetasting, with detailed treatment of the senses and how they function, tasting techniques and problems, wine balance and quality, winetasting vocabulary, training, and the art of drinking. A brilliant synthesis of the Bordeaux and Burgundy/Beaujolais schools of tasting, Peynaud's unique method combines the subjective description of wine with well-established scientific principles--forming an approach which is definitive, comprehensive, and free of esoteric jargon.

With a foreword by Michael Broadbent, this edition features Michael Schuster's excellent translation, which retains all of the wit and sparkle of the original while remaining faithful to Peynaud's precise vocabulary. The text is beautifully complemented by a carefully selected range of illustrations and full-color photographs, which give full expression to the principles and spirit of the book.

As vital to increasing our understanding of winetasting as it is to enhancing our appreciation of wine, *The Taste of Wine* will be savored by professionals and amateurs for generations to come.
