A World in HDR By Trey Ratcliff

High dynamic range (HDR) photography lets you capture the myriad colors and levels of light that you can see in the real world, and the results are amazing photographs that run the gamut from super real to surreal. Explore this fantastic realm of photography through the unique vision of renowned travel photographer Trey Ratcliff. In this book, Trey shares his phenomenal HDR photographs as well as all the backstory on the adventurous circumstances of their origin. He also reveals the techniques he used to get the final shot. The breathtaking images gracing these pages and the author's real-world advice for capturing and manipulating images will inspire you to create your own HDR magic. So Trey also includes his simple and straightforward tutorial that teaches you everything you need to know to make your own HDR photographs, whether you're a beginner, amateur, or professional. A unique blend of practical and inspirational, this book features

- a breathtaking collection of HDR photographs
- engaging explanations of how the author achieved the image
- expert tips for achieving stunning results (and avoiding common mistakes)
- a foolproof HDR tutorial and software recommendations

About the Author

Trey Ratcliff is best known for his website, StuckInCustoms.com, which is the #1 travel photography blog in the world. His photography has been featured in numerous shows around the world, as well as on ABC, NBC, FOX, and the BBC. In addition, one of his HDR photographs was the first of its kind to hang in the Smithsonian. Having grown up blind in one eye, Trey has a unique way of navigating and capturing the world around him. That vision, combined with an educational background in computer science and mathematics, leads him in an algorithm-like approach to photography that can evoke palpable memories.

Users Review

From reader reviews:

William Stewart:

Do you have favorite book? Should you have, what is your favorite's book? Publication is very important thing for us to be aware of everything in the world. Each publication has different aim or even goal; it means that reserve has different type. Some people feel enjoy to spend their the perfect time to read a book. They are really reading whatever they take because their hobby will be reading a book. Think about the person who don't like looking at a book? Sometime, individual feel need book once they found difficult problem or maybe exercise. Well, probably you'll have this A World in HDR.

Judy Finley:

What do you concerning book? It is not important along with you? Or just adding material when you really need something to explain what the ones you have problem? How about your free time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have free time? What did you do? Everybody has many questions above. They should answer that

question mainly because just their can do in which. It said that about reserve. Book is familiar on every person. Yes, it is suitable. Because start from on guardería until university need this kind of A World in HDR to read.

Kristen Clifford:

Here thing why that A World in HDR are different and trusted to be yours. First of all reading through a book is good but it depends in the content of computer which is the content is as scrumptious as food or not. A World in HDR giving you information deeper since different ways, you can find any e-book out there but there is no guide that similar with A World in HDR. It gives you thrill looking at journey, its open up your eyes about the thing that will happened in the world which is maybe can be happened around you. It is possible to bring everywhere like in park your car, café, or even in your means home by train. In case you are having difficulties in bringing the printed book maybe the form of A World in HDR in e-book can be your alternative.

Chad Davis:

Some people said that they feel bored when they reading a e-book. They are directly felt it when they get a half regions of the book. You can choose the particular book A World in HDR to make your reading is interesting. Your own skill of reading talent is developing when you such as reading. Try to choose straightforward book to make you enjoy to read it and mingle the impression about book and studying especially. It is to be 1st opinion for you to like to available a book and examine it. Beside that the e-book A World in HDR can to be a newly purchased friend when you're feel alone and confuse using what must you're doing of that time.
