Editorial Review

Review

...During our ten-year association, I learned the missing number to my combination for worldwide successful achievement. The Master Mind Principle: two or more persons working together in complete harmony toward a mutual goal or goals...Napoleon Hill's philosophy teaches you what you were never taught. Specifically: How to Recognize, Relate, Assimilate and Apply principles whereby you can achieve any goal whatsoever that doesn't violate Universal Law - the Law of God and the rights of your fellowman... --W. Clement Stone Chairman, Combined International Corporation President, The Napoleon Hill Foundation

During the past twenty-five years I have been blessed with more good fortune than any individual deserves but I shudder to think where I'd be today, or what I'd be doing if I had not been exposed to Napoleon Hill's philosophy. It changed my life. --Og Mandino, Author and Lecturer

I knew Napoleon Hill in 1922 when I was a student in Salem College in the town of my birth. Mr. Hill came to our campus as the commencement speaker in that year. As I listened to him, I heard something other than just the words he spoke, I felt the substance - the wisdom - and the spirit of a man and his philosophy. Mr. Hill said "the most powerful instrument we have in our hand is the power of our mind." Napoleon Hill compiled this philosophy of American achievement for the benefit of all people. I strongly commend this philosophy to you for achievement and service in your chosen field. --Senator Jennings Randolph West Virginia

Language Notes

Be prepared, therefore, when you expose yourself to the influence of this philosophy, to experience a changed life which may help you not only to negotiate your way through life with harmony and understanding, but also to prepare you for the accumulation of material riches in abundance. Teaching, for the first time, the famous Carnegie formula for money-making, based upon the thirteen proven steps to riches.

Napoleon Hill's works examined the power of personal beliefs, and the role they play in personal success. "What the mind of man can conceive and believe, it can achieve" is one of Hill's hallmark expressions. How achievement actually occurs, and a formula for it that puts success in reach for the average person, were the promise of Hill's books.

From the Author

In every chapter of this book, mention has been made of the money-making secret which has made fortunes for hundreds of exceedingly wealthy men whom I have carefully analyzed over a long period of years.

The secret was brought to my attention by Andrew Carnegie, more than half a century ago. the canny, lovable old Scotsman carelessly tossed it into my mind, when I was but a boy. Then he sat back in his chair, with a merry twinkle in his eyes, and watched carefully to see if I had brains enough to understand the full significance of what he had said to me.

When he saw that I had grasped the idea, he asked if I would be willing to spend twenty years or more preparing myself to take it to the world, to men and women who, without the secret, might go through life as failures. I said I would, and with Mr. Carnegie's cooperation, I have kept my promise. Napoleon Hill, 1928
