About the Author

Miguel Angel Gardetti Ph.D. He has been the head of the Center for Study of Corporate Sustainability (IESC) since its foundation in 2002, and he also holds the same position at the Center for Study of Sustainable Luxury. He is head professor in MBA and master's programs both in Argentina and abroad. He has provided training within frameworks of executive education and in house programmes to CEOs and Corporate Managers both from domestic and multinational companies in Argentina and Latin America. As to Luxury and Sustainability topics, he lectured at the IE Business School (Madrid, Spain), one of the top Business Schools in Europe. Moreover, he was a speaker in Identidad Uruguay, an event organised by the Universidad de Empresa (Montevideo), with a lecture on Fashion, Luxury, and Sustainability. He was the creator of the Best Performance in Sustainable Luxury in Latin America Award (at present evolving towards the IE Award for Sustainability in The Premium and Luxury Sectors at a global level). He developed also several publications in the area of sustainable luxury: the Journal of Corporate Citizenship special issue on "sustainable luxury" and the books titled "Sustainable Luxury – Managing Social and Environmental Performance in Iconic Brands" and "Sustainable Luxury and Social Entrepreneurship – Stories from the Pioneers".

He was a member of the United Nations Global Compact Promoting Group in Argentina and a member of its governance body –the Board of the Argentine Chapter of The Global Compact- for two consecutive terms. He was co-founder of the Global Compact Chair in Argentina, and he was also part of the task force that developed the "Management Responsible Education Principles" of the United Nations Global Compact. He has also coordinated tasks for the Inter-American Development Bank, the International Finance Corporation (private sector arm of the World Bank), the Netherlands Development Organisation, the United Nations (New York), and the World Resources Institute (USA.)

Users Review

From reader reviews:

Christine Scott:

Here thing why this particular Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes) are different and dependable to be yours. First of all studying a book is good nevertheless it depends in the content than it which is the content is as tasty as food or not. Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes) giving you information deeper and in different ways, you can find any e-book out there but there is no book that similar with Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes). It gives you thrill examining journey, its open up your own personal eyes about the thing which happened in the world which is perhaps can be happened around you. You can easily bring everywhere like in area, café, or even in your means home by train. When you are having difficulties in bringing the paper book maybe the form of Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes) in e-book can be your substitute.

Francine Nott:

The reason? Because this Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes) is an unordinary book that the inside of the reserve waiting for you to snap that but latter it will shock you with the secret it inside. Reading this book next to it was fantastic author who also write the book in such incredible way makes the content inside easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you for not hesitating having this anymore or you going to regret it. This book will give you a lot of rewards than the other book include such as help improving your expertise and your critical thinking means. So , still want to hold up having that book? If I were being you I will go to the reserve store hurriedly.

Emery Flores:

As a pupil exactly feel bored for you to reading. If their teacher expected them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's heart or real their passion. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading very seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Handbook of Sustainable Luxury Textiles and Fashion: Volume 1 (Environmental Footprints and Eco-design of Products and Processes) can make you really feel more interested to read.

John Rivera:

Reading a e-book make you to get more knowledge as a result. You can take knowledge and information from the book. Book is created or printed or highlighted from each source that filled update of news. In this modern era like today, many ways to get information are available for a person. From media social similar to newspaper, magazines, science book, encyclopedia, reference book, story and comic. You can add your understanding by that book. Do you want to spend your spare time to spread out your book? Or just in search
