### Mr. Maybe By Jane Green

To Libby Mason, Mr. Right has always meant Mr. Rich. A twenty seven-year-old publicist, she's barely able to afford her fashionable and fabulous lifestyle and often has to foot the bill for dates with Struggling Writer Nick, a sexy but perpetually strapped-for-cash guy she's dating (no commitments – really). So when Ed, Britain's wealthiest but stodgiest bachelor, enters the picture, her idea of the fairy tale romance is turned on its head.

**Mr. Maybe** is the tale of her heartfelt but hilarious deliberation, irresistibly chronicled by bestselling author Jane Green. On one hand, Nick makes up for his low bank-account balance by his performance in the sack, or in the bathtub, as the case may be. But life with him means little more than nightly trips to the bar, a dark and grungy apartment, and plenty of dull political tirades to boot. But those blue eyes, and that tender heart...

On the other hand, there's Ed, whose luxurious house and gargantuan bank account are quite tempting to the starving Libby. But his unsavory mustache and bumbling ways make Libby wonder if the platinum AMEX and unlimited "retail therapy" are worth it. He may have fallen in love with her at first sight, but nothing seems to solve his lackluster performance in the sack – even speed reading **The Joy of Sex**. When the diamond shopping commences, Libby is forced to realize that the time for "maybe" is up.

Taking romantic comedy to a hip, sparkling new level, **Mr. Maybe** is a classic tale of what happens to one girl when her heart and her head aren't looking for the same thing. With a laugh and minute and a heroine whose struggles in the dating jungle will remind you of your own, **Mr. Maybe** is a story that all will leave you smitten.

### Editorial Review

From Publishers Weekly

Yet another endearingly flawed, contemporary London career girl comes down the pike in this latest novel by British writer Green (*Jemima J*). Libby Mason, 27, enjoys her fashionable career in PR, but is determined to marry a rich, "gorgeous" man who will support her in sumptuous style and allow her to join the class of ladies who lunch. Her previous relationships have proven unsatisfactory on all fronts, but then she meets Nick, who happens to be "gorgeous," smart, funny, sensitive and unparalleled in the sack, but unfortunately also a struggling writer who lives in a "grotty" (but clean) bedsit. Libby decides to have fun in bed with Nick and not fall in love, because he's not rich and she doesn't like his left-wing, blue-collar friends. They do have lots of great sex, until Nick breaks up with Libby because he is too attracted to her and isn't ready for a relationship. Libby turns for comfort to her best friend, Jules, who is happily married to the "gorgeous" Jamie. On a girl's night on the town, Libby meets well-known financier Ed McMahon, who is very rich and very eligible, but not "gorgeous" he is older, pompous, boring and the worst lay she has ever had, but when he proposes Libby accepts, as she sees her dream of becoming the idle rich at last coming true. Despite an annoying overuse of the word "gorgeous," Libby Mason manages to garner reader sympathy and even a cheer or two. There are no surprises here and a few loose ends dangle (allusions to Nick's hidden upper-class roots are never explained), but Green has a charming way with dialogue and sex scenes, making this a cheerful summer read. 3-city author tour.

After breaking up with yet another boyfriend who treats her terribly, Libby Mason decides she wants to have a fling. Handsome Nick, a poor, struggling writer, seems like the perfect guy for the job. After all, there's no chance of developing a serious relationship with him because Libby wants to marry a rich man, and Nick is on the dole. But the more Libby learns about Nick, the more she likes him--he's funny and great in bed, and she can actually talk to him. But just as Libby is starting to wonder if maybe this fling could turn into the real thing, Nick breaks it off, insisting he is not ready for a relationship. Distraught, Libby realizes just how much she liked Nick. She soon meets Ed, a rich investment banker, who is smitten at first sight. On paper, Ed is everything Libby's always wanted--he's loaded, he drives a great car, and he lives in a fashionable part of town. But he's awkward and lousy in bed, and Libby can't seem to muster up an attraction to him. Still, he treats her better than any guy has before, and Libby starts to think that maybe he could be the one. *Mr. Maybe* follows Green's popular American debut, *Jemima J* [BKL Ap 1 00], and, like its predecessor, is a warm, funny novel about a single girl trying to find love. *Kristine Huntley*
