**The Phenomenology of Religious Life (Studies in Continental Thought)** By Martin Heidegger

The Phenomenology of Religious Life presents the text of Heidegger's important 1920–21 lectures on religion. The volume consists of the famous lecture course Introduction to the Phenomenology of Religion, a course on Augustine and Neoplatonism, and notes for a course on The Philosophical Foundations of Medieval Mysticism that was never delivered. Heidegger's engagements with Aristotle, St. Paul, Augustine, and Luther give readers a sense of what phenomenology would come to mean in the mature expression of his thought. Heidegger reveals an impressive display of theological knowledge, protecting Christian life experience from Greek philosophy and defending Paul against Nietzsche.

"Scrupulously prepared and eminently readable. What Heidegger undertakes here is nothing less than a phenomenological destruction of the history of religion. ?Choice" ?
