The river war: An historical account of the reconquest of the Soudan By Winston Churchill

The fact that this book has survived in an expensive form the excitements of the last three years emboldens me to set a smaller and cheaper edition before the public. The original text has been reduced by nearly a third, the Appendices have been curtailed, the illustrations have been omitted, and by these and some devices of the printer the story, which had hitherto required two heavy volumes, is now compressed into one which is lighter to handle and little more than a quarter of the price to buy. What has been jettisoned consists mainly of personal impressions and opinions, often controversial in character, which, however just, were not essential to the narrative or to a permanent record, and which some indeed may think to have been not the most valuable part of the book. What remains has been thoroughly revised in the light of better information and subsequent events ;the proofs have been dihgently read by several authorities, previously inaccessible, and the whole has been corrected and brought up to date. (Typographical errors above are due to OCR software and don't occur in the book.)

About the Publisher

Editorial Review

About the Author

Winston S. Churchill (1874-1965) has been called by historians "the man of the twentieth century." Prime Minister of Great Britain (1940-1945), Churchill won the Nobel prize for literature in 1953.

Users Review

From reader reviews:

Connie Deroche:

Playing with family within a park, coming to see the marine world or hanging out with good friends is thing that usually you could have done when you have spare time, subsequently why you don't try thing that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love The river war: An historical account of the reconquest of the Soudan, you can enjoy both. It is fine combination right, you still would like to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't buy it, oh come on its known as reading friends.

Elizabeth Brown:

In this period of time globalization it is important to someone to obtain information. The information will make you to definitely understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of references to get information example: internet, paper, book, and soon. You will see that now, a lot of publisher that print many kinds of book. Typically the book that recommended to you is The river war: An historical account of the reconquest of the Soudan this book consist a lot of the information from the condition of this world now. This specific book was represented how do the world has grown up. The dialect styles that writer use to explain it is easy to understand. The actual writer made some exploration when he makes this book. Here is why this book suitable all of you.

Betty Freeman:

Many people spending their time period by playing outside having friends, fun activity along with family or just watching TV all day every day. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you consider reading a book really can hard because you have to take the book everywhere? It fine you can have the e-book, taking everywhere you want in your Touch screen phone. Like The river war: An historical account of the reconquest of the Soudan which is keeping the e-book version. So , try out this book? Let's view.

Linda Meier:

Is it you who having spare time then spend it whole day by watching television programs or just resting on the bed? Do you need something totally new? This The river war: An historical account of the reconquest of the Soudan can be the answer, oh how comes? A fresh book you know. You are and so out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these textbooks have than the others?
