**Bartók and the Grotesque: Studies in Modernity, the Body and Contradiction in Music (Royal Musical Association Monographs)** By Julie Brown

The grotesque is one of art's most puzzling figures - transgressive, comprising an unresolvable hybrid, generally focussing on the human body, full of hyperbole, and ultimately semantically deeply puzzling. In Bluebeard's Castle (1911), The Wooden Prince (1916/17), The Miraculous Mandarin (1919/24, rev. 1931) and Cantata Profana (1930), Bartók engaged scenarios featuring either overtly grotesque bodies or closely related transformations and violations of the body. In a number of instrumental works he also overtly engaged grotesque satirical strategies, sometimes - as in Two Portraits: 'Ideal' and 'Grotesque' - indicating this in the title. In this book, Julie Brown argues that Bartók's concerns with stylistic hybridity (high-low, East-West, tonal-atonal-modal), the body, and the grotesque are inter-connected. While Bartók developed each interest in highly individual ways, and did so separately to a considerable extent, the three concerns remained conceptually interlinked. All three were thoroughly implicated in cultural constructions of the Modern during the period in which Bartók was composing.

### **Editorial Review**

#### **Review**

'This volume is a valuable contribution to the literature that provides thought-provoking material for future research, especially regarding the interpretation of bodily meanings. ... Julie Brown has opened up a hugely fascinating area of musical modernism that remains largely unexplored.' --Music and Letters

#### **About the Author**

Julie Brown is Senior Lecturer in the Department of Music at Royal Holloway, University of London, UK.

### **Users Review**

#### **From reader reviews:**

##### **George Kirby:**
