Editorial Review

Amazon.com Review

Nat Hentoff has called Peter Guralnick "a national resource," and for once this isn't a piece of hype. Guralnick may be a premiere chronicler of American popular music, which he writes about with brains, reverence, and a peculiar tenderness for dashed dreams. In this volume, he records the rise and fall of Stax Records--the Memphis powerhouse that produced a string of classics from the likes of Otis Redding, Sam and Dave, Carla Thomas, Booker T. and the MGs, and Johnnie Taylor. The birth of modern rhythm-and-blues makes for a fascinating story. But there's another story behind that one--the racial tensions that eventually tore Stax apart--which makes the book richer, and sadder, than we have any right to expect.

From the Publisher

"The best history of '60s soul music anyone has written . . . as important for what it says about America, class and race issues, and the '60s as for its outstanding musical insights. . . . A classic."--Robert Palmer, *New York Times*

Users Review

From reader reviews:

Malcolm Khan:
