The Marquess of Grayson never felt a twinge of guilt when he stole the beautiful Lady Pelham right out from under his best friend's nose. It seemed like the perfect arrangement. Lady Isabel Pelham is tired of proposals from men she doesn't want to marry. Gerard Faulkner, Marquess of Grayson, needs a wife. Both Isabel and Gerard are notorious for their romantic liaisons, and both know that any marriage between the two of them would be one of convenience based only on friendship. Soon after their marriage, though, a tragic accident sends Gerard away from London and his new wife. Four years later, when he finally returns, Gerard is no longer the charming rake Isabel first married, and he is no longer willing to settle for a marriage based simply on friendship. A woman determined to resist falling in love becomes engaged in a seductive battle of wits with a man equally determined to win her love in Day's latest boldly passionate, scorchingly sexy Regency romance. *John Charles*
