Editorial Review

Review

As one of the world's most successful investors, the modest Mr Buffett and his strategies are a recipe for success.' (The National Personal Finance, October, 2010).

From the Inside Flap

A decade has passed since the book that introduced Warren Buffett to the world—The Warren Buffett Way by Robert Hagstrom—first appeared. Since then, Buffett has solidified his reputation as the greatest investor of all time—quietly amassing a multibillion-dollar fortune, despite the wild fluctuation of the markets.

Although Buffett has claimed time and again that what he does is not beyond anybody else's competence, some people still do not understand how this value investing legend can consistently perform so well. That's where Robert Hagstrom and the Second Edition of The Warren Buffett Way come in. This completely revised and updated look at the Oracle of Omaha encompasses Buffett's numerous investments and accomplishments over the past ten years, as well as the timeless and highly successful investment strategies and techniques he has always used to come out a market winner.

Rather than presenting Buffett's strategies by stock purchases—as he did in the first edition—Hagstrom makes "Buffett's Way" more accessible to you, the individual investor, by presenting Buffett's basic tenets of investing and illuminating these principles with relevant and up-to-date examples from Buffett's investments, including common stocks, private companies, and high-yield bonds.

Standing far above the market madness, this timely guide distills the wisdom and insight of the world's greatest investor. It skillfully . . .

- Presents a brief history of Buffett from boyhood to Berkshire Hathaway, and reveals the individuals and events that shaped his investing philosophy
- Outlines the business, management, finance, and value tenets that make up the core of Buffett's investing approach
- Examines Buffett's ongoing process of managing a portfolio from knowing which stocks to hold, and for how long, to deciding if, when, and how to cash out some investments and move into others
- Discusses the psychology of money and how Buffett uses this concept to avoid common investment mistakes and recognize other people's mistakes in time to profit from them

Change is constant, but the investment principles outlined in this book have remained the same. In an environment that seems to favor the speculator over the investor, Buffett's investment advice has proven, time and again, to be a safe harbor for millions of lost investors. No one understands Warren Buffett like Robert Hagstrom, and in the Second Edition of The Warren Buffett Way, Hagstrom will help you—whether you're a seasoned investor or just getting started—understand and employ the investment strategies that have made Buffett so successful for over five decades.

From the Back Cover

Praise for THE WARREN BUFFETT WAY First Edition

"Nobody has described what Buffett practices better than Hagstrom."

—Time

"Simply the most important new stock book. . . . If you think you know all about Warren Buffett, you have a lot to learn from this book."

—Forbes

"It's first rate. Buffett gets a lot of attention for what he preaches, but nobody has described what he practices better than Hagstrom. Here is the lowdown on every major stock he ever bought

and why he bought it. Fascinating."

—Fortune

"Almost anybody curious about the relationship between the behavior of economics, the performance of firms, and the ups and downs of the stock market will find something of interest here."

—The Economist

"The Warren Buffett Way is accessible to average readers because Mr. Hagstrom reduces the billionaire's techniques to some easily understandable tenets . . . the book demonstrates the rewards that can come down the road."

—The Dallas Morning News

Users Review

From reader reviews:

Ernest Baker:
